

Things to Do if You Are Spring

Rouse all trees from winter dreams.

Kiss icicles and snow families goodbye 'til next year.

Race rivers downstream.

Whisper, "Wake up!" to seeds buried deep underground.

Throw a big tantrum. Make it stormy and loud!

Throw birthday parties for kits and chicks and cubs.

Dance with kites in the clouds and wear lilac perfume.

Croon with a chorus of robins and frogs.

Tell stories of sunshine and the summer to come.

Fill the world with light, and new life, and love!
