

# WHY MS. ROB IS AWESOME!

She takes us outside once a week  
To see what we can find

And when we find black beetle shells,  
She doesn't seem to mind

She reads us lots of mysteries  
And shows us how to spell

She even likes to take her turn  
In Monday Show and Tell

She doesn't make you ask out loud  
Each time you have to go

And sometimes when you ask a question  
She says, "I don't know"

(But then she looks it up online  
And tells you what she learned)

She brings in treats and mystery bags  
For parties that we've earned

She smiles and jokes, but then she says  
"It's time to get down to it."

And when we think we don't know how  
She tells us, "You can do it!"

So if I fail second grade,  
I'll holler and I'll cheer

Because that means that I might get  
Miss Rob again next year!
